

Ms. JAN B. MULLIGAN

Jan Mulligan is Deputy, Deputy Assistant Secretary of Defense for Supply Chain Integration (DASD(SCI)) under the Assistant Secretary of Defense for Logistics and Materiel Readiness. The office of the DASD(SCI) establishes strategic supply chain policies, governance and reporting of an efficient, sustainable, and cost-effective end-to-end global logistics and supply chain.

Prior to OSD, Ms Mulligan served over 30 years as an Air Force civilian. She began her career with the Air Force as an Inventory Management Specialist at Kelly Air Force Base in San Antonio, Texas. She developed repairable spare parts buy and repair requirements for the C-5 cargo aircraft engine, the TF-39. Since then, she has served in a wide range of logistics positions at both Kelly AFB and the Pentagon. Ms Mulligan developed and published Air Force supply policy for two years after moving to the Air Staff. She then moved to Aircraft and Missile Support and was made responsible for programming, budgeting and execution of the Air Force Supply Management Group of the Defense Working Capital Funds and Air Force Operations & Maintenance budgets for depot level repairables. After attending the Industrial College of the Armed Forces, Ms Mulligan began a career in Air Force maintenance as Chief of Depot Policy in the Directorate of Maintenance where she was responsible for developing and defining policy to guide Air Force depot maintenance activities within the context of DoD depot maintenance policy and significant Title X, United States Code requirements. She was then assigned Chief of the Integrated Life Cycle Management (ILCM) Policy Division, Directorate of Logistics, where she was responsible for Integrated Life Cycle Management policy, integrating product support and sustainment planning in the acquisition process. Ms Mulligan is now responsible for Department of Defense-wide Supply Chain Management policy for the end-to-end global logistics and supply chain.
