The Honorable Mike Pence
Vice President of the United States
The White House
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Mr. Vice President:

I write with concern that, at President Trump's "suggestion," you decided to stay at the Trump International Golf Links & Hotel in the village of Doonbeg during your official visit to Ireland. I am alarmed that you elected to spend taxpayer dollars for travel and lodging at President Trump's privately-owned property – located on the other side of the country, more than 180 miles away from your meetings with government officials in Dublin.¹ This raises serious concerns about wasteful expenditures and possible conflicts of interest related to taxpayer-funded travel by this Administration.

On September 3, you reportedly met with Ireland's President, Michael D. Higgins, and Prime Minister Leo Varadkar in Dublin. Rather than stay in Dublin, you instead spent the first two nights of your trip at President Trump's golf club in Doonbeg. This involved not only the cost of lodging for yourself, your aides, and a protective service detail, but also considerable travel costs, including four hours in transit via motorcade and aboard Air Force Two in each direction. Citing security and logistical concerns, you and your Chief of Staff have made the claim that staying at President Trump's resort in Doonbeg was necessary.² I find it hard to believe that your office was unable to identify lodgings that could accommodate the security and logistical needs of your trip in the capital of Ireland, which houses among other locations the United States Embassy – where President Reagan stayed during his 1984 visit.³

I am even more troubled by the apparent conflict of interest in your decision to stay at a property owned by President Trump, which creates the risk that taxpayer funds are being used to directly profit the President. As a public servant, you have an obligation to avoid even the perception of a conflict of interest. In response to media inquiries, your office has since stated that the trip to Doonbeg was made in your personal capacity to visit family.⁴ Federal policies regarding official travel by government employees, including you, are organized around a single principle: public service is a privilege and taxpayer dollars spent on travel should be used prudently. In 2017, then Office of Management and Budget (OMB) Director Mick Mulvaney issued guidance regarding travel aboard government aircraft, emphasizing specifically that “beyond the law and formal policy, departments and agencies should recognize that we are public servants ... Put another way, just because something is legal doesn’t make it right.”⁵

Unfortunately, your travel to President Trump’s golf club is part of a troubling trend. Reports now claim that at least 24 of the 32 individuals who have served in the President’s Cabinet have patronized Trump properties, including the Trump International Hotel in Washington, DC – another property owned by the President.⁶ President Trump still owns the Trump Organization via a trust and, under the terms of the trust, can draw income from his business at any time.⁷

In order to better understand your decision to stay at the Trump International Golf Links & Hotel while on official travel and the total cost of this trip to American taxpayers, I respectfully request your response to the following questions as soon as possible and no later than October 1, 2019:

1. Please provide the total cost to taxpayers of your travel to Ireland, broken out by expense category (lodging, air travel, ground travel, per diems, and other expenses), for you, your personal guests, your security detail, any government officials or employees, or others. Please also provide any underlying documentation – including travel vouchers – for this trip.
2. The Trump Organization has previously stated that it only charges the U.S. government “at cost and [does] not profit from” stays by government officials at properties owned by President Trump.⁸ In a public statement, your Chief of Staff, Marc Short, also stated that the government negotiated room rates with the Trump International Golf Links & Hotel.⁹
