The Honorable Michael C. Stenger
c/o Ms. Jennifer A. Hemingway
Acting Sergeant at Arms and Doorkeeper
U.S. Capitol
Room S-151
Washington, DC 20510

Dear Mr. Stenger:

I am writing to gather information regarding the security planning and the level of security provided for the January 6, 2021 Joint Session of Congress (hereinafter “Joint Session”). According to a recent press report, when Capitol Police Chief Steven Sund suggested activating the National Guard two days prior to the Joint Session, the House Sergeant at Arms, Paul Irving, told Chief Sund he was not “comfortable with the ‘optics’ of formally declaring an emergency ahead of the demonstration.”¹ According to this same report, Chief Sund said that you suggested he “informally seek out his [National] Guard contacts, asking them to ‘lean forward’ and be on alert in case Capitol Police needed their help.”² Although both you and Mr. Irving resigned following the Joint Session, there are still many questions for you to address. To date you have declined to comment publicly.³

In light of the significance of these events, I hope that you will be cooperative and fully transparent regarding your involvement and knowledge of the Capitol breach and all the relevant events and information leading up to it. I also sincerely hope that a completely independent investigation, as Senator Lindsey Graham and I have called for, will be established and will take sworn testimony. What happened on January 6th is totally unacceptable, and the American public has the right to know exactly what happened, what actions were and were not taken, and what planning and discussions occurred prior to the breach. With this in mind, please provide the following information:
