

MEMORANDUM

To: Interested Parties
From: Senate Permanent Subcommittee on Investigations Minority Staff
Date: February 23, 2026
Re: Summary of Documents Newly Received from DHS Whistleblowers

New documents produced to Senator Blumenthal via a disclosure from two DHS whistleblowers who have requested that they not be identified reveal new details about drastic cuts the Trump Administration is making to the training and testing of new ICE Enforcement Removal Operations (ERO) officers. Specifically, these documents provide new evidence regarding: (1) the aggressive graduation targets that ICE aims to achieve for new ERO officers in fiscal 2026; (2) cuts of more than a dozen significant practical examinations which potential ICE ERO officers no longer must undergo; (3) numerous classes which appear to have been wholly cut from the training curriculum for ICE ERO officers; and (4) the drastic reduction in the hours of training for potential ICE ERO officers. These documents appear to directly contradict representations made under oath to Congress by Acting ICE Director Todd Lyons.

Among the revelations from the documents attached hereto are:

- **ICE plans to train nearly 4,000 new ERO officers in FY2026.**

Exhibit 6 is a document dated January 29, 2026, which shows ICE Enforcement Removal Operations (ERO) officers training enrollment and projections for fiscal year 2026. This document reveals at **App. 88** that ICE had enrolled 803 new ERO officers to graduate in 2026 as of January 29, 2026, and projected 3,204 more graduates by the end of fiscal year 2026. This would mean a total of 4,007 newly graduated ICE ERO officers in fiscal year 2026.

- **ICE has eliminated over a dozen practical exams that ICE ERO officers previously needed to pass to graduate and become an ICE officer.**

Exhibit 1 provides the curriculum hours for ICE's ERO Basic Immigration Enforcement Training Program, dated July 2021. **App. 8** lists in detail the written and practical exercise exams an ICE ERO cadet needed to pass to graduate in July 2021. **Exhibit 2, App. 10** is that same list of written exams and practical exercises exams needed for an ICE ERO cadet to graduate in October 2025.

While in July 2021, an ICE ERO cadet needed to complete 25 practical exercise exams to graduate, that same cadet now needs to complete only nine. Practical exams that the Trump Administration has eliminated as a requirement to become an ICE ERO officer include, "Judgement Pistol Shooting," "Determine Removability," "Encounters to Detention," "Detention to Removal," and "Criminal Encounters." All of these are now instead evaluated, if at all, mainly by open-book, multiple-choice written exams and without any graded practical examinations.

- **ICE appears to have entirely cut a significant number of important classes from its ERO officer training.**

Exhibit 3, App. 12 – App. 20 provide the table of contents and general information for the complete syllabus for ICE’s ERO Training program in July 2025, prior to the surge in new officer hiring and training by the Trump Administration. **Exhibit 4, App. 68 – App. 77** provide that same table of contents and general information for ICE’s ERO Training program in February 2026.

A side-by-side comparison of these documents appears to show that a number of courses have been wholly cut from ICE’s training program. For example, **App. 15** compared to **App. 72** appears to show ICE officers previously underwent Use of Force Simulation Training and no longer do so. **App. 16** compared to **App. 73** shows that there are a number of legal trainings ICE ERO officers no longer receive, including training on the United States Government Structure, ERO Authority, Use of Force, and Criminal vs. Removal Proceedings.

- **ICE ERO cadets appear to be receiving significantly fewer hours of training than before, which appears directly counter to Acting Director Lyons’s sworn testimony to Congress.**

On February 12, 2026, Acting ICE Director Todd Lyons testified under oath to Congress that, regarding training of officers, ICE had “reduce[d] the actual calendar days from 75 to 42. We went from five days a week to six days a week. Five days a week was five eight-hour days. We’ve gone to six 12-hour days.”¹

These documents suggest that ICE has not augmented its hours of training to make up for the reduction in training days, indicating that its new officers are receiving hundreds of hours less training than they did before. **Exhibit 3, App. 12 – 20** provides the table of contents and general information for the complete syllabus for ICE’s ERO Training program in July 2025, and **App. 18** specifically notes that the program “consists of 72 training days (excluding weekends and Federal holidays) with a total of 584 hours.” The following section, “Standard Daily Schedule,” provides for a nine-hour day, showing eight-hours of instruction with an hour break for lunch. **Exhibit 4, App. 68 – App. 77** provides that same table of contents and general information for ICE’s ERO Training Program in February 2026, and **App. 75** provides similar details. **App. 75** notes that the program is “42 training days.” Under Daily Schedules, it provides schedules for two separate cohorts of recruits to undertake the same nine-hour days as before. **Exhibit 5** provides a model daily schedule from January 2026, indicating that current ICE trainees are not receiving additional hours of training each day, as Mr. Lyons testified. The schedules reflected on these documents indicate that current ICE recruits receive nearly 250 fewer hours of training than previous cohorts of recruits.

¹ *Oversight Hearing*, S. Comm. On Homeland Sec. and Governmental Affairs, 119th Cong. (Feb. 12, 2026) (testimony of Todd M. Lyons, Senior Off. Performing the Duties of the Dir., U.S. Immigr. and Customs Enforcement).

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT BASIC IMMIGRATION ENFORCEMENT TRAINING PROGRAM

ACADEMIC/ PRACTICAL EXERCISE REQUIREMENTS

Subject Matter	Agency or Division	Method of Evaluation	Minimum Requirements	Remedial Allowed
Multiple Choice Exams (ICE - S, FLETC - 2)	ICE/FLETC	Written Exam	70%	1
Aircraft Countermeasures	FLETC/CTD	Practical Exercise	Pass/Fail	1
Van and Utility Vehicle Operation	FLETC/DMD	Practical Exercise	80%	1
Skid Control	FLETC/DMD	Practical Exercise	80%	1
Advanced Vehicle Handling Skills	FLETC/DMD	Practical Exercise	80%	1
Active Threat Response	FLETC/EOD	Practical Exercise	Pass/Fail	1
Semi-Automatic Pistol Course Qualification (SPC) (LEPs 6009, 6061, and 6353)	FLETC/FAD	Practical Exercise	80% (208 out of 250)	2
Comprehensive Firearms Practical Exercise * (LEPs 6006, 6063, 6077, 6294, 6303, 6329, and 6398)	FLETC/FAD	Practical Exercise	Pass/Fail	1
Judgement Pistol Shooting	FLETC/FAD	Practical Exercise	Pass/Fail	1
Roller Fingerprints	FLETC/IOD	Practical Exercise	Pass/Fail	1
Tactical Medical	FLETC/PTD	Practical Exercise	Pass/Fail	1
Community First Aid and Safety	FLETC/PTD	Practical Exercise	Pass/Fail	1
Control Tactics Armed Techniques (AT)	FLETC/PTD	Practical Exercise	Pass/Fail	1
Control Tactics Defensive Techniques (DT)	FLETC/PTD	Practical Exercise	Pass/Fail	1
Manage Detainee Transport	ICE/OPS	Practical Exercise	70%	1
Determine Removability	ICE/OPS	Practical Exercise	70%	1
Encounters to Detention	ICE/OPS	Practical Exercise	70%	1
Detection to Removal	ICE/OPS	Practical Exercise	70%	1
Control Encounters	ICE/OPS/ELA	Practical Exercise	70%	1
ERO Subject Control 1	ICE/PT	Practical Exercise	70%	1
ERO Subject Control 2	ICE/PT	Practical Exercise	70%	1
ERO Subject Control 3	ICE/PT	Practical Exercise	70%	1
ICE Oleoresin Capsicum (OC) Spray	ICE/PT	Practical Exercise	Pass/Fail	1
ICE Expandable Baton	ICE/PT	Practical Exercise	Pass/Fail	1
ICE Electronic Control Device (ECD)	ICE/PT	Practical Exercise	Pass/Fail	1
ERO Physical Agility Assessment (Final)	ICE/PT	Practical Exercise	Pass/Fail	1

FLETC/PEs: students will be given one opportunity to remediate the exercise (maximum remediations: 1)
 * Exception: Semi-Automatic Pistol Course (SPC) qualification administered by FLETC/FAD, students may receive two remedial attempts per ICE Firearms Policy (DO-OPPM Chapter 46.4)

ICE/OPS/PEs: students will be given one opportunity to remediate the exercise (maximum remediations: 1)

ICE/PT/PEs: students will be given one opportunity to remediate the exercise (maximum remediations: 1)

NOTE: If a student subsequently fails the number of allowed remedial attempts for a specific PE or fails any PE in excess of the maximums allowed per section (FLETC, ICE/OPS, ICE/PT), the student will be dismissed from training and will not receive a certificate of graduation.

* The Firearms Comprehensive Practical Exercise (PE) includes four individual components that the student must pass: Law Enforcement Reduced Light, Non-Conventional Shooting Positions, Live Fire Cover Course, and One Hand Shooting Techniques.

7055 - Risk and High-Risk Vehicle Stops	16
7121 - Law Enforcement Officer Driving Skills	17

Enforcement Operations Division

Course Description	18
5058 - Environmental Influence on De-escalation & Decision Making	19
5111 - Active Threat Response Tactics	20

Firearms Division

Course Descriptions	21
6000 - Law Enforcement Handgun	22
6001 - Firearms Safety	23
6063 - Reduced Light for Semiautomatic Pistol	24
6077 - Non-Conventional Shooting Positions	25
6158 - Force Application Simulation Training	26
6294 - Live Fire Cover Course	27
6329 - One Hand Shooting Techniques	28
6353 - Tactical Threat Engagement	29
6368 - L. E. Skills and Fundamentals Incorporating Non-Lethal Training Ammunition	30

Investigative Operations Division

Course Descriptions	31
2007 - Fingerprint Pattern Recognition	32
2008 - Rolled and Pressed Prints	33
2013 - Authentication of Identify Documents for L. E. Personnel	34
2065 - Drugs of Abuse	35
2103 - Human Trafficking	36
2136 - Gang Recognition	37
2191 - Prisoner Processing	38
2207 - Recognition of Clandestine Labs	39

Physical Techniques Division

Course Descriptions	40
8016 - Tactical Medical	41
8472 - Community First Aid and Safety (CFAS)	42
8479 - Control Tactics	44

GENERAL INFORMATION

History of the United States Immigration and Customs Enforcement – Enforcement Removal Operations Basic Immigration Enforcement Training Program

Immigration and Customs Enforcement (ICE) was created in 2003 through a merger of the investigative and interior enforcement elements of the former U.S. Customs Service and the Immigration and Naturalization Service (INS). ICE now has more than 20,000 employees in more than 400 offices in the United States and 48 foreign countries. The agency has an annual budget of approximately \$6 billion, primarily devoted to two operational directorates — Homeland Security Investigations (HSI) and Enforcement and Removal Operations (ERO). A third directorate, Management and Administration (M&A), is charged with providing professional management and mission support to advance the ICE mission. ICE's mission is to prevent acts of terrorism by targeting the people, money, and materials that support terrorist and criminal activities. ICE's Vision is to be the nation's preeminent law enforcement agency, dedicated to detecting vulnerabilities and preventing violations that threaten national security. Established to combat the criminal and national security threats emergent in a post 9/11 environment, ICE combines a new investigative approach with new resources to provide unparalleled investigation, interdiction and security services to the public and our law enforcement partners in the federal and local sectors.

Enforcement and Removal Operations

ERO enforces the nation's immigration laws in a fair and effective manner. It identifies and apprehends removable aliens, detains these individuals when necessary and removes illegal aliens from the United States. This unit prioritizes the apprehension, arrest and removal of convicted criminals, those who pose a threat to national security, fugitives and recent border entrants. Individuals seeking asylum also work with ERO.

Homeland Security Investigations

The HSI directorate is responsible for investigating a wide range of domestic and international activities arising from the illegal movement of people and goods into, within and out of the United States.

Management and Administration

ICE's Management and Administration includes professional managers and mission support staff who make the ICE mission possible.

Since March of 2013, the Immigration and Customs Enforcement Deportation (ICE_D) program has undergone a complete curriculum redesign conducted jointly by the ICE Office of Training and Development and FLETC development staff. The ICE_D program name was officially changed to ICE Basic Immigration Enforcement Training Program (ICE_BIETP). To further delineate the duties of ERO, the program was officially changed again in June of 2018 to ICE Enforcement Removal Operations Basic Immigration Enforcement Training Program (ICE_ERO_BIETP).

ICE_ERO_BIETP is categorized as a Center Integrated Basic (CIB) training program for basic investigators primarily charged with enforcing laws and regulations with nexus to immigration and enforcement efforts. The ICE_ERO_BIETP is 15 weeks in length and contains a course total of 571:25. On April 27, 2017, The Federal Law Enforcement Training Accreditation (FLETA) Board granted accreditation status to the ICE_BIETP. Accreditation is a cyclical process occurring every five years. Each year, agencies must submit annual reports in preparation for reaccreditation, which is a new and independent review of the program.

Qualification for Attendance

The primary purpose of the FLETC is to provide basic training to Federal law enforcement officers employed by agencies that authorize their officers to enforce Federal laws, make arrests and carry firearms.

Within these guidelines, each organization applies its own standards in hiring and selecting officers to attend the ICE_ERO_BIETP.

Prerequisites for Attendance

Each Partner Organization sets its standards in recruiting employees. In addition:

- **Participants in the ICE_ERO_BIETP must have successfully passed the Agency Pre-Employment Fitness Test (PFT) PRIOR to being enrolled at the FLETC.** The PFT is a three-part practical exercise designed to assess a trainee's overall physical condition. Failure of any part of the PFT is a failure of the entire test.
- Attendees must meet their agency's recruitment standards and the **FLETC Practical Performance Requirements (PPRs) for the ICE_ERO_BIETP PRIOR TO ARRIVING FOR THE TRAINING PROGRAM.**

Length of Program

The ICE_ERO_BIETP consists of 72 training days (excluding weekends and Federal holidays) with a total of 584 hours.

Standard Daily Schedule

Morning Session: 7:30 a.m. to 11:30 a.m.*

Lunch: 11:30 a.m. to 12:30 p.m.

Afternoon Session: 12:30 p.m. to 4:30 p.m.*

* Classes are typically 50 minutes in length with breaks scheduled according to subject matter being presented and the status of practical exercise activity. Also, beginning and ending times may vary.

Student Evaluation

To receive a certificate of graduation from the ICE_ERO_BIETP, a student must successfully complete each graded segment of the program. This includes written examinations and all graded practical exercises.

Written Examinations

Each student is required to score 70 percent or higher on each of the eight written examinations (ICE: 7 and FLETC: 1). A review is conducted immediately following the FLETC written examination. The review allows students to immediately assess their performance and discuss exam questions. Official examination scores are posted as soon as possible after the examination. Each student's score is maintained in confidentiality. Examination scores are available to the student's agency through official channels.

If a student fails to score 70 percent or higher on any written examination, he/she is placed on academic probation. During this period, additional assistance such as counseling, personal instruction, and additional practice is provided to the student upon request.

FLETC Remedial Exams: Within three working days of the failure date, the student must take a remedial examination.

ICE Remedial Exams: students will be provided with up to 6 hours for remedial training and retested no sooner than 3 training days after the failed test. The student must pass the remedial examination to remain eligible for graduation. Students may waive any portion or all of the remedial training.

In all cases, the remedial exam will evaluate the same enabling performance objectives as the original examination and students may request in writing to be retested sooner.

A student will be placed on academic probation after failure of a regularly scheduled examination. **Only one remedial examination per agency (FLETC/ICE) is permitted during the training program.** If a student fails a second regularly scheduled examination or any remedial written examination, he/she will be dismissed from training and will not receive a certificate of graduation.

Practical Exercises

The second component of the ICE_ERO_BIETP evaluation system is the measurement of performance skills acquired during training. A student must satisfactorily complete all practical exercises (PEs) in order to receive a certificate of graduation. Any student not achieving a passing score on any PE will be placed on academic probation, provided additional training in the skills needed to pass the PE and be required to pass a remedial PE.

Any student, who does not receive at least a "satisfactory" score or evaluation on:

FLETC PEs, students will be given **one** opportunity to remediate the exercise (maximum remediations: 3)

- Exception: Practical Pistol Course (PPC) qualification administered by FLETC/FAD; students may receive **two** remedial attempts per ICE Firearms Policy (DROPPM Chapter 46.4)

ICE/OPS PEs, students will be given **one** opportunity to remediate the exercise (maximum remediations: 1)

ICE/FTP PEs, students will be given **one** opportunity to remediate the exercise (maximum remediations: 1)

If a student subsequently fails the number of allowed remedial attempts for a specific PE or fails any PE in excess to the maximums allowed per section (FLETC, ICE/OTP, ICE/FTP), the student will be dismissed from training and will not receive a certificate of graduation.

Dismissal and Reinstatement

Any student dismissed from training for failing either written examinations or practical exercises may be admitted to a subsequent class of the same program, provided the employing agency (or sponsoring organization) receives advance approval from the Training Management Division (TMD), Division Chief (DC). The student must begin the program on the first training day and successfully complete all written examinations and practical exercises with that class. The student will not be granted credit for previous written examinations or practical exercises. The employing agency must submit such requests in writing, explaining why the student should be admitted and what the student has done to address previous academic and/or practical exercise deficiencies.

Any student dismissed from training for disciplinary reasons will not be admitted to any basic training program without advance approval from the TMD/DC. Such requests will be submitted in writing by the employing agency (or sponsoring organization); explaining why the student should be admitted and what the student and employing agency have done to correct the conduct that previously resulted in dismissal. If the request is approved, the student must begin the program on the first training day and successfully complete all written examinations and practical exercises with that class. The student will not be granted credit for previous written examinations or practical exercises. Students dismissed for cheating will not be reinstated under any circumstances and will not be allowed to attend any other training.

Any student dismissed from training due to his/her medical history or medical condition may be readmitted in a subsequent class of the same program, but only after the employing agency (or sponsoring organization) provides the FLETC with all requested documentation and the FLETC's Medical Review Board concurs that the student can meet the program's PPRs. The request to allow such student to resume training from the point where he/she departed should be addressed to the TMD/DC or delegated authority, which has the sole discretion to approve or deny the request. The TMD/DC may also grant such student credit for previous written examinations and practical exercises, provided the student is admitted to the same program and the program has not changed curriculum content since he/she departed. The specific point in training the student is placed is at the discretion of the TMD/DC.

IMMIGRATION AND CUSTOMS ENFORCEMENT
ENFORCEMENT AND REMOVAL OPERATIONS TRAINING DIVISION

FIREARMS SECTION

The Immigration and Customs Enforcement (ICE) Enforcement and Removal Operations Training Division (EROTD), Firearms Section trains Basic Immigration Enforcement Training Program students in the proper application of the ICE Use of Force and Firearms Policy through the delivery of FLETC Integrated program lesson plans on topics such as basic marksmanship.

SYLLABUS

COURSE TITLE: ICE USE OF FORCE AND FIREARMS POLICY
COURSE NUMBER: 1000001938
COURSE DATE: JAN/24

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson familiarizes students with the ICE Firearms and Use of Force program and policies. Use of force options depend on the totality of circumstances that would make the option objectively reasonable. Therefore, students will learn what case law has determined to be objectively reasonable as use of force and use of deadly force. This lesson also reviews, in detail, the training and reporting requirements, and the roles and responsibilities of management and law enforcement officers/agents.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Presented with a law enforcement scenario that shows use of force, articulate how the officer's/agent's actions did or did not comply with the objectively reasonable requirement; according to the 4th Amendment, ICE Use of Force Policy, and case law (*Graham v. Connor* and/or *Tennessee v. Garner*).

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Explain how objective reasonableness and totality of circumstance apply to the law enforcement actions described in *Graham v. Connor* and *Tennessee v. Garner*.

EPO #2: Describe the use of force options within the ICE Use of Force Policy.

EPO #3: Explain the requirements for use of Intermediate Force Devices.

EPO #4: Explain Use of Force reporting requirements.

EPO #5: Explain the required actions when an individual escapes ICE custody.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam) and Cumulative Practical Exercise ERO Field Operations

SYLLABUS

COURSE TITLE: USE OF FORCE SIMULATION TRAINING
COURSE NUMBER: 1000007624
COURSE DATE: NOV/24

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This course provides the student law enforcement officer/agent with an opportunity to exercise their understanding of the legal and practical parameters for using force. The Use of Force Simulation Training (UFST) will be conducted using interactive video scenarios and a firearm (nonlethal laser firearm) adapted to project a laser beam detected by an integrated camera. Student officer/agents will also be provided with system recognized intermediate weapons as is appropriate for the program they are enrolled in. Shots fired onto the screen will register as either hits (lethal and nonlethal) or misses on the subject. The students will be exposed to several different interactive video scenarios that have the capability to develop into use of force situations. They will be required to respond based on the facts presented in each scenario. Appropriate responses may include such actions as verbal commands, the use of alternate weapons, and drawing their firearm in preparation or for use, if objectively reasonable. Students will be required to articulate their actions in a professional manner in accordance with Fourth Amendment standards and applicable case law.

OVERVIEW OF MAIN IDEAS

Given a variety of law enforcement scenarios and force options, the student will apply reasonable force and will articulate the facts that support the force in accordance with the 4th Amendment and the Objective Reasonableness Standard set forth by the U.S. Supreme Court in *Graham v. Connor*.

- Demonstrate reasonable force.
- Articulate the facts supporting the use of force in accordance with the constitutional standard.
- Demonstrate firearm weapon handling skills.
- Demonstrate firearm marksmanship skills.
- Demonstrate safe weapon handling.

METHOD OF EVALUATION:

Not Evaluated

SYLLABUS

COURSE TITLE: ERO PHYSICAL ABILITIES ASSESSMENT (PAA) (PE PLAN)
COURSE NUMBER: 1000001962
COURSE DATE: AUG/21

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
1:00	51:00	2:00	54:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson focuses on the processes and techniques required to prepare for the ERO Physical Abilities Assessment (PAA). The PAA is a timed assessment of a trainee's physical ability to properly complete tasks common to Deportation Officers. The PAA is not a physical fitness assessment, and it is not normed for age or gender.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given a situation where the Deportation Officer must perform enforcement action, demonstrate the physical abilities found to be commonly needed to perform a DO's duty in accordance with ERO Directive 11167, Physical Testing and Assessment.

Basic trainees must complete an initial PAA near the beginning of their training, a mid-term PAA, and a final PAA at the end of the training program. The PAA consists of two tests:

- PAA Test 1-Criterion Task Testing (CTT): This element of the assessment must be completed within two minutes (for initial testing) and within 1 minute and 45 seconds (for mid-term and final testing).
- PAA Test 2-1.5 Mile Run: This element of the assessment must be completed within 16 minutes and 30 seconds (for initial testing) and 14 minutes and 30 seconds (for mid-term and final testing).

NOTE: CTT tasks will begin with the trainee seated in the driver's seat of government vehicle with the seatbelt fastened and 20 feet away from the first obstacle/task, a six-foot wall barrier:

- Task 1 – Six-Foot Wall
- Task 2 – Culvert Crawl
- Task 3 – Window Entry
- Task 4 – Staircase
- Task 5 – Culvert Crawl (2nd time)
- Task 6 – Pre-cuffing Maneuver
- Task 7 – Downed/Disabled Officer Drag
- Task 8 – Six-Foot Wall (2nd time)

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO#1: Demonstrate the physical ability to properly complete the Criterion Task Test.
- EPO#2: Demonstrate the physical ability to complete a 1.5-mile run in 14:30 minutes.

METHOD OF EVALUATION:

Practical Exercise - ICE PAA is administered in accordance with the ERO Directive 11167, Physical Testing and Assessment.

FOR OFFICIAL USE ONLY

95

SYLLABUS

COURSE TITLE: ICE EXPANDABLE BATON
COURSENUMBER: 100000243
COURSE DATE: DEC/22

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00	1:00	1:00	4:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson explains, demonstrates, and provides practice using an expandable baton. It reinforces the concepts of situational awareness, officer command presence, and Use of Force. Students will witness an officer/agent defending himself against an assailant and establishing control and will have an opportunity to practice what they observe.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an assailant, control the subject with an expandable baton, using objectively reasonable force in accordance with the ICE Use of Force Policy and Constitutional Law.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Explain why a baton is an appropriate response to the subject's action.

EPO #2: Determine the strike area based on the subject's actions and totality of circumstances.

EPO #3: Demonstrate grips and carries.

EPO #4: Demonstrate cross drawing, strong-side drawing, and low-profile drawing techniques.

EPO #5: Demonstrate forward, reverse, and middle strikes.

EPO #6: Retain the baton.

METHOD OF EVALUATION:

Practical Exercise – (ICE Expandable Baton PE)

SYLLABUS

COURSE TITLE: ICE OLEORESIN CAPSICUM(OC)SPRAY
COURSENUMBER: 100000245
COURSE DATE: MAR/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00	:30	1:30	4:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson explains, demonstrates, and provides practice using oleoresin capsicum (OC) spray to control non-compliant subjects. It also familiarizes students with the effects of OC spray on a subject and themselves. Students are sprayed and expected to perform defensive tactics with limited vision and capabilities.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Upon completion of this course, candidates will be able to safely and effectively use oleoresin capsicum (OC) spray.

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO 1: Give a brief history of the use of oleoresin capsicum spray.
- EPO 2: Provide the general characteristics of oleoresin capsicum (OC) and OC spray.
- EPO 3: State when OC spray should be used within the ICE Use of Force Continuum.
- EPO 4: Describe the methods of carry and techniques for drawing and presentation.
- EPO 5: Describe and demonstrate the guidelines for OC spray use and exposure.
- EPO 6: Describe the proper procedures to be used for area decontamination and subject first aid and decontamination.
- EPO 7: State the reporting requirements and important elements relating to OC spray use documentation.
- EPO 8: Describe the proper storage, transportation, and shelf life for OC spray.

METHOD OF EVALUATION:

Practical Exercise – (ICE OC Spray PE)

SYLLABUS

COURSE TITLE: ERO FIELD OPERATIONS (Lab-PE Plans)
COURSENUMBER: 1000001940 ERO Field Operations-Business
1000001944 ERO Field Operations-Residence
COURSE DATE: 1000006565 ERO Field Operations-Vehicle
DEC/21

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
	12:00	10:00	22:00	ICE_ERO_BIETP	

DESCRIPTION:

These Lab/PE plans place students in enforcement scenarios where they will demonstrate, under stress, decision-making and execute use-of-force options that are consistent with the totality of circumstances on objective reasonableness. Students will demonstrate the application of the ICE Firearms and Use of Force Policy in fluid and rapidly evolving scenarios, while exercising previously learned tactics and impact weapon techniques.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

The purpose of the Lab/PE is to provide students with an opportunity to practice controlling compliant subjects. The scenarios vary in setting, purpose, and subject actions, requiring students to respond to situations.

ENABLING PERFORMANCE OBJECTIVES (EPO):

N/A

METHOD OF EVALUATION:

Lab and Practical Exercise used to evaluate objectives for the following lesson plans:

- 1000001940 – 4 hours Lab/2 hours PE used to evaluate Control Tactics
- 1000001944 – 4 hours/4 hours PE used to evaluate Field Ops Overview and Admin Warrant Entry
- 1000006565 – 4 hours/4 hours PE used to evaluate Radio Communication

SYLLABUS

COURSE TITLE: ADMINISTRATIVE WARRANT ENTRY
COURSE NUMBER: 1000001946
COURSE DATE: JAN/24

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	+	PROGRAM	OPTION
2:00	14:00		16:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson addresses the basic safety considerations, operating concepts, and techniques used when conducting knock and talks for information and execution of administrative arrests in ERO Field Operations. Students must adhere to the limitations of the 4th Amendment and search incident to arrest requirements. All blocks of instruction include explanation and practice activities (documented in the Session Guide) to provide guided demonstrations and student practice of concepts and techniques.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

As a member of a law enforcement team with an administrative arrest warrant, safely enter a structure with consent, clear rooms, and control subjects: in accordance with Office of Firearms and Tactical Programs (OFTP) techniques, Constitutional Law, and ICE Use of Force Policy.

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO #1: Comply with field operation (legal) requirements
- EPO #2: Use radio when entering a building with consent
- EPO #3: Communicate with team members
- EPO #4: Identify and prioritize threats and concerns
- EPO #5: Set up and collapse a perimeter seeking consent to enter
- EPO #6: Enter rooms using OFTP techniques
- EPO #7: Clear rooms using OFTP techniques
- EPO #8: Breach an interior closed door
- EPO #9: Clear and safely navigate hallways and stairs

METHOD OF EVALUATION:

Cumulative Practical Exercise (ERO Field Operations-Residence PE)

SYLLABUS

COURSE TITLE: ICE ELECTRONIC CONTROL DEVICE (ECD)
COURSE NUMBER: 1000005534
COURSE DATE: FEB/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
4:00	8:00	4:00	16:00	ICE_ERO_BIETP	

DESCRIPTION:

Coursework must include the current TASER CEW User PowerPoint, updates, warnings, and Release; and include discussion of items in the instructor notes, drills, and functional demonstrations.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Each student must deploy a minimum of four (out of six) good prop hits to demonstrate proficiency with the ECW. Student must complete cuffing under power, before the completion of five seconds.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Complete Initial TASER CEW User Course

EPO #2: Apply Agency's Use of Force/CEW Policy

METHOD OF EVALUATION:

Practical Exercise – (ICE Electronic Control Device)

	4:00		4:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson is to provide additional training to students regarding ERO vehicle stops. It is designed to be directly after Risk and High-risk Vehicle Stops (FLETC Lesson Plan 7055). It addresses the five phases of vehicle stops and ERO specific basic safety considerations, and operating concepts. The lesson includes classroom instruction and lab time.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given a situation involving vehicle stops, identify, and demonstrate the accepted techniques and procedures in a manner enhancing officer safety and adherence to ICE Policy.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Identify and demonstrate the Personal Preparation Phase

EPO #2: Identify and demonstrate the Pre-Stop Phase

EPO #3: Identify and demonstrate the Stop Phase

EPO #4: Identify and demonstrate the Contact Phase

EPO #5: Identify and demonstrate the Closure Phase

METHOD OF EVALUATION:

Cumulative Practical Exercise (ERO Field Operations-Vehicle PE)

COURSE TITLE: PTD USE OF FORCE
COURSENUMBER: 1000007082
COURSE DATE: MAR/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
3:00		1:00	4:00	ICE_ERO_BIETP	

DESCRIPTION:

The purpose is to reinforce deportation officer trainees' knowledge and understanding of ICE's Use of Force Policy, the Use of Force Continuum, Escalating and De-Escalating and intro to writing a use of force report.

Overview of Main Ideas:

The job of a Deportation Officer may include a situation where the DO uses force to carry out their law enforcement duties. Deportation Officers who find themselves in a situation where they need to use force, must be confident that the force used was necessary and objectively reasonable in light of the circumstances they face. They must also be knowledgeable concerning the policies which govern using force

METHOD OF EVALUATION:

Not Evaluated

3:00	0:30	0:30	4:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson will provide new ERO Officers with knowledge of what the Office of Professional Responsibility (OPR) does and how it works with the Special Agents of OPR when the need arises.

This lesson is taught in all ICE Basic Training Programs for new Enforcement and Removal Operations officers.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given a situation in the ICE work environment, evaluate the situation and take appropriate action, so that any inappropriate activities are prevented or stopped.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Conduct ICE business ethically and with integrity and professionalism.

EPO #2: Act appropriately when approached with a bribe.

EPO #3: Report misconduct.

METHOD OF EVALUATION:

Written – Integrity Awareness PE

SYLLABUS

COURSE TITLE: LEGAL CURRICULUM OVERVIEW- IMMIGRATION LAW PROCESS –CH1.1
COURSENUMBER: 1000001918
COURSE DATE: JAN/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson provides an overview of the legal curriculum presented in this training program and describes the basic steps in the immigration process. The immigration process is generally managed by the United States Citizenship and Immigration Services (USCIS). However, an ERO Officer should have enough of a working knowledge of the process to determine if an individual is legally in the United States.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an individual's arrival in the United States, apply each of the seven steps in the immigration process; according to the Constitution, federal laws (including the INA), regulations, agency policy, and ERO directives.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: State the broad categories of individuals arriving in the United States.

EPO #2: Review the seven steps in the immigration process.

EPO #3: Distinguish a U.S. citizen from an alien.

EPO #4: Examine the evidence of permission required for admission into the United States.

EPO #5: Confirm an alien has met the legal requirements for arrival in the United States.

EPO #6: Differentiate between the immigrant, nonimmigrant, and refugee/asylee categories of aliens.

EPO #7: Review the reasons for admission process exceptions and denials.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

SYLLABUS

COURSE TITLE: UNITED STATES GOVERNMENT STRUCTURE—
CHAPTER 1.2

COURSENUMBER: 1000001919

COURSE DATE: APR/21

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson addresses foundational information regarding the Constitution's contribution to the United States government system—the three branches of government and the limitations the Constitution places on the government. In gaining basic knowledge of the Constitution and the branches of government, students can envision how the Constitution and branches of government affect an ERO Officer's responsibilities and actions.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given immigration enforcement duties and authority, examine federal law; within the structure established by the Constitution.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Review the first three articles of the Constitution and how they establish the function of the three branches of the U.S. government.

EPO #2: Review how legislation is organized by statutes and codes that dictate enforcement authority.

EPO #3: Examine how the executive branch, through DHS and ICE, enforces immigration law through Executive Orders, the Code of Federal Regulations, DHS, and ICE policies, and ERO directives.

EPO #4: Review how the judicial branch affects the enforcement of immigration law.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

COURSE TITLE: ERO AUTHORITY—CHAPTER 2.0
COURSENUMBER: 1000001920
COURSE DATE: MAR/25

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
1:45		0:15	2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson continues to build on the law enforcement authorities and limitations provided by the Constitution and introduces the proper use of race in law enforcement. The authority for an ERO Deportation Officer (DO) to act flows from the Constitution—to statutes, regulations, policies, and directives. These authorities allow DOs to perform searches and seizures. Such actions must be based on a level of suspicion with articulable facts obtained in a manner that is consistent with the Constitution, laws, regulations, policies, and directives. There are consequences for exceeding one's authorities.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given alien encounter scenarios that include facts and circumstances related to suspicion, to include use of race, apply sources and limitations of authority to determine a level of suspicion that can be articulated to fall in one of the five established categories: without exceeding authority.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Determine a DO's sources of authority.

EPO #2: Describe the limitations of a DO's authority.

EPO #3: List the levels of suspicion.

EPO #4: Define articulable facts.

EPO #5: Describe the proper use of race in law enforcement activities in accordance with DOJ Guidelines.

EPO #6: Explain the consequences for exceeding a DO's authority to act.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

COURSE TITLE: 4TH AMENDMENT SEIZURES- CHAPTER 3.0
COURSE NUMBER: 1000001921
COURSE DATE: AUG/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson addresses 4th Amendment seizures of people or objects. It builds on the previous lessons on sources of authorities, limitations on authority regarding seizures, and on determining a level of suspicion. Students will practice determining a level of suspicion and if a seizure is allowed under the 4th Amendment based on the level of suspicion and articulable facts.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an immigration seizure of a person or object, determine the legality of the seizure; such that the seizure comports with the 4th Amendment, case law, and designated levels of suspicion.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: List the steps of the 4th Amendment methodology.

EPO #2: List the required elements in a 4th Amendment seizure of an object.

EPO #3: List the required elements in a 4th Amendment seizure of a person.

EPO #4: Explain the types of seizures and the level of suspicion for each.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

SYLLABUS

COURSE TITLE: INVESTIGATIVE DETENTION VS. ARREST-
CHAPTER 4.1

COURSE NUMBER: 1000001922

COURSE DATE: AUG/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
1:00			1:00	ICE_ERO_BIETP	

DESCRIPTION:

An ERO Officer may need to temporarily detain a suspected illegal alien until that person's status in the country can be determined. These are known as investigative detentions and must be conducted in accordance with the 4th Amendment's provisions regarding reasonable expectation of privacy. This lesson will cover court decisions and designated levels of suspicion, which will allow you to understand lawful investigative detentions versus illegal arrests.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an alien encounter leading to an investigative detention, determine if the enforcement actions resulted in a lawful investigative detention or illegal arrest; based on court decisions and designated levels of suspicion.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Review the terminology affiliated with an investigative detention.

EPO #2: Examine the parameters of an arrest as they apply to an ERO Officer's authority.

EPO #3: Compare the factors that distinguish an investigative detention from an arrest.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

SYLLABUS

COURSE TITLE: USE OF FORCE-CHAPTER4.2
COURSENUMBER: 1000001923
COURSE DATE: JUN/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
1:00			1:00	ICE_ERO_BIETP	

DESCRIPTION:

An ERO Officer may need to use force to accomplish lawful duties. The facts of a given situation determine the appropriate use of force, including deadly force. An investigative detention or arrest can require use of force. The use of force must be reported in accordance with ICE policy and is addressed in this lesson.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given a subject seizure or arrest, explain/articulate how the use of force is or is not objectively reasonable; according to the objective reasonableness standard of the 4th Amendment, *Graham v. Connor*, and DHS/ICE Use of Force policy.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Define "Use of Force" with examples.

EPO #2: Describe the objective reasonableness standard of the 4th Amendment as it relates to the use of force.

EPO #3: Explain the legal requirements and limitations for Use of Deadly Force.

EPO #4: Explain the DHS and ICE policy regarding use of force.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

SYLLABUS

COURSE TITLE: 4TH AMENDMENT SEARCHES - CHAPTER 5.0
COURSE NUMBER: 1000001924
COURSE DATE: MAR/25

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

Using the 4th Amendment and case law, this lesson addresses the activities that constitute a search. This lesson goes into detail about the different definitions of what a search is and how the officer's/agent's actions, purpose, and use of technology play a role in that definition and the application of the 4th Amendment in general. Information is presented in a lecture format with ICE and ERO-specific examples and cases.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given a person or place to be searched, determine the legality of the search in accordance with the 4th Amendment and case law.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Define a search.

EPO #2: Differentiate between the various types of intrusion.

EPO #3: Distinguish between situations where one has a reasonable expectation of privacy (REP) and where none exists.

EPO #4: Describe how the use of certain technologies can constitute a search.

EPO #5: Apply the Jones Trespass Test.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

SYLLABUS

COURSE TITLE: 4TH AMENDMENT - WARRANT AND WARRANT EXCEPTIONS -
CHAPTER 6.0
COURSE NUMBER: 1000001925
COURSE DATE: AUG/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

In this lesson, students learn when a warrant is required to conduct a search or seizure, and when there is an exception to the warrant requirement. The lesson also addresses the elements required for administrative and criminal warrants, and the process for executing warrants and searches and seizures without a warrant (warrant exception). Examples within the lesson are specific to the duties performed by an ICE ERO Officer.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given situations involving search, seizure, or arrest, articulate the legal requirements for administrative and criminal warrants, or determine when a warrant is not required; according to the 4th Amendment and Rule 41 of the Federal Rules of Criminal Procedure.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Describe the legal requirements to execute an administrative warrant.

EPO #2: Describe the legal requirements regarding a federal search and/or seizure warrant per Rule 41.

EPO #3: Explain the process to obtain and execute a Rule 41 search warrant.

EPO #4: Determine the circumstances in which an ERO Officer can complete a search or seizure without a Rule 41 warrant.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

COURSE TITLE: 4TH AMENDMENT PROBABLE CAUSE / WARRANT EXCEPTIONS - CHAPTER 7.0

COURSE NUMBER: 1000001926

COURSE DATE: NOV/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

At the end of this lesson, students will be able to determine when they can conduct searches and seizures where there is no probable cause and no warrant. Each of the following scenarios will be presented:

- Search incident to arrest
- Consent searches
- Investigative detentions
- "Terry" frisks
- Protective sweeps
- Inventory searches
- Detention facility searches

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given enforcement-related situations, articulate the legal requirements to search, seize, and arrest without probable cause and without a warrant, in accordance with the 4th Amendment.

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO #1: Describe the elements required to conduct a search incident to arrest.
EPO #2: Describe the elements required to conduct a consent search.
EPO #3: Describe the elements required to conduct an investigative detention.
EPO #4: Describe the elements required to conduct a "Terry" frisk.
EPO #5: Describe the elements required to conduct a protective sweep.
EPO #6: Describe the elements required to conduct an inventory search.
EPO #7: Explain how to conduct a detention facility search.

COURSE TITLE: CRIMINAL VS. REMOVAL PROCEEDINGS - CHAPTER 8.1
COURSE NUMBER: 1000001927
COURSE DATE: AUG/23

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
1:00			1:00	ICE_ERO_BIETP	

DESCRIPTION:

An ERO Officer is required to have a strong legal foundation to carry out his duties. The processes governing criminal versus administrative removal are determined by criminal law as well as the Immigration and Naturalization Act (INA). This lesson addresses the difference between criminal and removal proceedings. Specifically, it will cover the key players in the removal process, the removal process itself, venue determination, and forms of relief.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

When required to participate in a removal proceeding, determine the roles of the personnel involved and the requirements of each step of the removal process; in accordance with the Constitution, federal laws and regulations, agency policy, and ERO directives.

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO #1: Distinguish between a criminal proceeding and a removal proceeding.
- EPO #2: Review the roles of the legal personnel involved in removal proceedings.
- EPO #3: Examine the basic steps in the removal process and the persons involved.

METHOD OF EVALUATION:

Written, multiple-choice examination (Legal Comprehensive Exam)

COURSE TITLE: STATUTORY AUTHORITY -CHAPTER 8.2
COURSE NUMBER: 1000006976
COURSE DATE: OCT/22

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
1:00			1:00	ICE_ERO_BIETP	

DESCRIPTION:

At the end of this lesson, students will have the preliminary knowledge to enable them to execute their statutory authority as prescribed by the Immigration and Nationality Act (INA). The lesson specifically covers the limitations and authorities on ERO Officers related to:

- Questioning aliens
- Administering oaths and statements
- Serving subpoenas
- Conducting searches
- Detaining aliens
- Arresting aliens

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an ERO assignment, determine the statutory authorities that allow an ERO Officer to complete a job function; in accordance with INA § 235, § 236A, and § 287, and 19 U.S.C. § 1589a.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Review the authority that allows an ERO Officer to question aliens.

EPO #2: Examine the authority that allows an ERO Officer to take oaths and statements.

EPO #3: Review the authority that allows an ERO Officer to secure and administer immigration subpoenas.

EPO #4: Review the authority that allows an ERO Officer to conduct a search.

EPO #5: Examine the primary authorities that allow an ERO Officer to detain a person.

EPO #6: Examine the authority that allows an ERO Officer to conduct an arrest.

EPO #7: Examine the authority that allows an ERO Officer to conduct an arrest pursuant to 19 U.S.C. § 1589a.

EPO #8: Review the authority that allows an ERO Officer to execute warrants and subpoenas.

METHOD OF EVALUATION:

COURSE NUMBER: 1000001931
COURSE DATE: MAR/25

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson provides an overview of the evidence collection process while conducting field operations, as well as when working with other law enforcement agencies. It introduces the required elements and process of a knock and talk, including voluntary consent.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an alien encounter through a field operation, obtain evidence to determine the alien's citizenship; in accordance with the 4th Amendment, due process, and administrative warnings.

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO #1: Recognize 4th Amendment application to seizures and searches during field operations.
- EPO #2: Explain how to lawfully approach a dwelling for a knock and talk.
- EPO #3: Describe how to ensure voluntary consent to enter a dwelling.
- EPO #4: Describe how to lawfully enter a dwelling.
- EPO #5: Recognize how to maintain and document consent.
- EPO #6: Recognize the scope of consent when searching containers.
- EPO #7: Recognize when consent is expired or withdrawn.
- EPO #8: Explain how to apply other warrant exceptions during knock and talks.

COURSE DATE: JUL/21

LENGTH OF PRESENTATION:

LECTURE	LAB	P.E.	TOTAL	PROGRAM	OPTION
2:00			2:00	ICE_ERO_BIETP	

DESCRIPTION:

This lesson provides a detailed description of the evidence collection process when working with other law enforcement agencies and CAP (Criminal Alien Program). It also presents information regarding searches and seizures, interviewing, issuing detainers, and commonly used law enforcement systems.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given evidence collected while assisting another agency with an alien, determine the legality of the evidence, in accordance with the 4th, 5th, and 6th Amendments, and the policies and procedures for each law enforcement system.

ENABLING PERFORMANCE OBJECTIVES (EPO):

EPO #1: Recognize the role of the ERO Officer in assisting another agency.

EPO #2: Recognize the process of conducting searches and seizures when assisting another agency.

EPO #3: Recognize possible 5th Amendment due process claims and 6th Amendment compulsory process claims when removing potential witnesses.

EPO #4: Explain how Secure Communities results in a detainer being issued in accordance with 8 C.F.R. § 287.7 and aliens being referred to CAP.

EPO #5: Describe how the 4th Amendment applies to a CAP interview.

EPO #6: State the purpose and legal requirements of Form I-213.

EPO #7: Explain the legality behind and the purpose for obtaining fingerprints.

EPO #8: Discriminate between legal and not legal methods to collect evidence.

EPO #9: Provide evidence for criminal referrals.

EPO #10: Recognize potential Giglio material.

DESCRIPTION:

This lesson provides information regarding the steps an ERO Officer must complete following an administrative arrest. It focuses on the rights of the arrestee, including consular notification, serving of the notice to appear, removal proceedings, and transportation. It also addresses specific concerns with arresting and transporting juveniles.

TERMINAL PERFORMANCE OBJECTIVE (TPO):

Given an administrative arrest of a subject, determine any post-arrest obligations that must be satisfied; according to 8 C.F.R. § 286, ICE policy, and ERO directives.

ENABLING PERFORMANCE OBJECTIVES (EPO):

- EPO #1: Explain requirements for completing consular notification.
- EPO #2: Explain the requirements for serving the NTA.
- EPO #3: Describe the legal requirements in processing juveniles' post-arrest.
- EPO #4: Determine the requirements to determine or change the venue for removal proceedings.
- EPO #5: Differentiate between lawfully obtained evidence used in administrative/removal proceedings and lawful evidence used in criminal proceedings.
- EPO #6: Determine an alien's eligibility for an immigration bond and the redetermination of a bond.
- EPO #7: Recognize the ERO Officers legal obligations and/or participation in removal proceedings.
- EPO #8: Determine the legal obligations of the government during an alien's removal period.
- EPO #9: Explain the cooperation required of the alien awaiting removal.
- EPO #10: Explain the ERO Officer's legal obligations when transporting an alien.

ERO Subject Control 2	ICE/PT	Practical Exercise	70%	1
ERO Subject Control 3	ICE/PT	Practical Exercise	70%	1
ICE Electronic Capabilities (ICE/OPS)	ICE/PT	Practical Exercise	Pass/Fail	1
ICE Expandable Baton	ICE/PT	Practical Exercise	Pass/Fail	1
ICE Electronic Control Device (ECD)	ICE/PT	Practical Exercise	Pass/Fail	1
ERO Physical Ability Assessment (PAA)	ICE/PT	Practical Exercise	Pass/Fail	1

ELTC/PT: students will be given one opportunity to retake the exercise (maximum re-attempts: 1).
 - Exception: Semi-Automatic Pistol Course (SPC) qualification administered by ELTC/FAD, students may receive two retest attempts per ICE Firearms Policy (ICE/OPM Chapter 6.4).
ICE/OPS/PT: students will be given one opportunity to retake the exercise (maximum re-attempts: 1).
ICE/PT/PT: students will be given one opportunity to retake the exercise (maximum re-attempts: 1).
NOTE: If a student subsequently fails the number of allowed retest attempts for a specific PE or fails any PE to achieve the minimum allowed per section (ELTC, ICE/OPS, ICE/PT), the student will be dismissed from training and will not receive a certificate of graduation.
 * The Firearms Comprehensive Practical Exercise (PE) includes four individual components that the student must pass: Law Enforcement Reduced Light, Non-Conventional Shooting Positions, Low Fire Cover Course, and One Hand Shooting Techniques.

HISTORY OF THE FEDERAL LAW ENFORCEMENT TRAINING CENTERS

The Federal Law Enforcement Training Centers (FLETC) is an Organizational Element of the Department of Homeland Security. The FLETC was established as a bureau of the Treasury Department in 1970 to provide consolidated basic training to the increasing number of Federal law enforcement agencies. Two government studies in the late 1960's found Federal law enforcement agencies needed a facility where a cadre of professional instructors could deliver high-quality, cost-effective, standardized courses to agents and officers from various agencies.

The FLETC began training operations in temporary facilities in Washington, D. C., in 1970. The FLETC's permanent location had been planned for the Washington, D.C. area; however, a three-year construction delay prompted Congress to request a survey of surplus Federal installations that could serve as a permanent training site. In May 1975, the former Glynco Naval Air Station in southeast Georgia was selected as the permanent site for the FLETC. In September 1975, the FLETC relocated from Washington, D.C. and began training operations at Glynco. Over the years, satellite training centers in Artesia, New Mexico, Charleston, South Carolina, and Cheltenham, Maryland have been established to provide the same high-quality training.

Today, Glynco serves as an interagency law enforcement training facility for over 95 Federal organizations throughout the United States and its territories. Many of these organizations conduct their agency's law enforcement training operations at Glynco, and more than 30 organizations have on-site offices to oversee their training programs.

Thirteen basic law enforcement training programs, ranging from 3 to 19 weeks, are conducted at the FLETC. The FLETC also delivers many advanced and specialized programs for Federal partner organizations. Other organizations may also attend these programs on a space-available basis.

The FLETC also offers approximately 45 specialized training programs for state and local law enforcement personnel. These programs are designed to meet training needs not generally available to state and local agencies and to enhance networking and cooperation throughout the law enforcement community.

The FLETC's consolidated law enforcement training programs allow the Federal government to deliver high-quality, cost-effective, standardized training programs to over 90 Federal agencies. The professional cadre of experienced instructors, which consists of permanent FLETC staff and agency-detailed instructors, is a key component of this consolidated training structure. The Center's professional instruction and emphasis on practical applications provides students with the knowledge and skills they need to succeed as Federal law enforcement officers.

Additionally, the FLETC's consolidated training environment allows students from various agencies to interact in training exercises and after-hours social events. This interaction results in an increased understanding and appreciation of the duties and missions of colleagues from different agencies and fosters a more cooperative working environment.

Since 1970 the FLETC has established and maintained a proud tradition of excellence in law enforcement training. That tradition of excellence continues as the FLETC prepares Federal law enforcement officers for the ever-changing laws and challenges of the new millennia.

2800 - TSA Regulations for Flying Armed	13

Driver and Marine Division

Course Description	14
7000 - Driver Training Orientation	15
7150 - Law Enforcement Officer Driving Skills	16
7152 - Law Enforcement Encounters	17

Enforcement Operations Division

Course Description	18
5058 - Environmental Influence on De-escalation & Decision Making	19
5111 - Active Threat Response Tactics	20

Firearms Division

Course Descriptions	21
6000 - Law Enforcement Handgun	22
6001 - Firearms Safety	23
6072 - Concealed Carry and Shooting Techniques	24
6353 - Tactical Threat Engagement	25
6368 - L. E. Skills and Fundamentals Incorporating Non-Lethal Training Ammunition	26

Investigative Operations Division

Course Descriptions	27
2008 - Rolled and Pressed Prints	28
2013 - Authentication of Identify Documents for L. E. Personnel	29
2065 - Drugs of Abuse	30
2103 - Human Trafficking	31
2136 - Gang Recognition	32
2191 - Prisoner Processing	33
2207 - Recognition of Clandestine Labs	34

Physical Techniques Division

Course Descriptions	35
8016 - Tactical Medical	36
8472 - Community First Aid and Safety (CFAS)	37
8478 - Comprehensive Physical Techniques	38
8479 - Control Tactics	39
8482 - Public Order Public Safety	41

Immigration and Customs Enforcement - Training Sections

ICE Enforcement and Removal Operations Training Division, Operations Section

Course Descriptions.....	42
1000006671 - ERO Academy Student Orientation	43
1000001867 - Determine Citizenship	44
1000001877 - Non-Immigrant Classifications.....	45
1000001880 - Immigrant Classifications - Family Based Immigrant Visas.....	46
1000001883 - Removal Charges - Introduction.....	47
1000001884 - Removal Charges: INA § 212 Inadmissibility.....	48
1000001885 - Removal Charges - § 237 Criminal Offenses and Security Grounds.....	49
1000001895 - Case Processing.....	50
1000001901 - Custody Management.....	51
1000001947 - Case Management.....	52
1000001897 - Case Disposition.....	53
1000001898 - ERO Arrest.....	55
1000001912 - ICE Detention Standards.....	56
1000001905 - Manage Detainee Transport.....	57
1000001889 - Interviewing and Creating I-213.....	58
1000001894 - Sources of Information	59
1000001893 - Immigration Detainer.....	60
1000001902 - Special Status and Forms of Relief.....	61
1000001907 - Family Groups and Unaccompanied Minors.....	62
1000001911 - Radio Communication.....	63
1000001917 - Post Order Custody Review (POCR)/Travel.....	64
1000001953 - Custody Alternatives	65
1000006053 - Field Operations Overview.....	66
1000006666 - Enforcement Activity Standards.....	67

ICE Enforcement and Removal Operations Training Division, Firearms Section

Course Descriptions.....	68
1000001938 - ICE Use of Force and Firearms Policy.....	69

ICE Enforcement and Removal Operations Training Division, Physical Techniques Section

Course Descriptions	70
1000001962 - ERO Physical Agility Assessment (PAA)	71
100000243 - ICE Expandable Baton	73
100000245 - ICE Oleoresin Capsicum (OC) Spray.....	74
1000007081 - Introduction to Field Operations.....	75
1000001946 - Administrative Warrant Entry	76
1000006346 - ERO Vehicle Stops.....	77
1000001939 - Fundamentals of Arrest.....	78

ICE, Office of the Principle Legal Advisor

Course Descriptions.....	79
1000001921 - 4 th Amendment Seizures – Chp 3.0	80
1000001924 - 4 th Amendment Searches – Chp 5.0.....	81
1000001925 - 4 th Amendment Warrant and Warrant Exceptions – Chp 6.0.....	82
1000001926 - 4 th Amendment Probable Cause / Warrant Exception – Chp 7.0	83
1000006976 - Statutory Authority – Chp 8.2	84
1000001931 - Field Application – Chp 9.1	85
1000001928 - Administrative Arrest and Removal – Chp 10.0	86
1000001930 - Crimes – Chp 11.0	87
1000006977- Miranda –Chp 11.1	88
Model Schedule.....	89
Academic / Practical Exercise Requirements.....	96
Physical Performance Requirements.....	97

GENERAL INFORMATION

History of the United States Immigration and Customs Enforcement– Enforcement Removal Operations Basic Immigration Enforcement Training Program

Immigration and Customs Enforcement (ICE) was created in 2003 through a merger of the investigative and interior enforcement elements of the former U.S. Customs Service and the Immigration and Naturalization Service (INS). ICE now has more than 20,000 employees in more than 400 offices in the United States and 48 foreign countries. The agency has an annual budget of approximately \$6 billion, primarily devoted to two operational directorates — Homeland Security Investigations (HSI) and Enforcement and Removal Operations (ERO). A third directorate, Management and Administration (M&A), is charged with providing professional management and mission support to advance the ICE mission. ICE's mission is to prevent acts of terrorism by targeting the people, money, and materials that support terrorist and criminal activities. ICE's Vision is to be the nation's preeminent law enforcement agency, dedicated to detecting vulnerabilities and preventing violations that threaten national security. Established to combat the criminal and national security threats emergent in a post 9/11 environment, ICE combines a new investigative approach with new resources to provide unparalleled investigation, interdiction and security services to the public and our law enforcement partners in the federal and local sectors.

Enforcement and Removal Operations

ERO enforces the nation's immigration laws in a fair and effective manner. It identifies and apprehends removable aliens, detains these individuals when necessary and removes illegal aliens from the United States. This unit prioritizes the apprehension, arrest and removal of convicted criminals, those who pose a threat to national security, fugitives and recent border entrants. Individuals seeking asylum also work with ERO.

Homeland Security Investigations

The HSI directorate is responsible for investigating a wide range of domestic and international activities arising from the illegal movement of people and goods into, within and out of the United States.

Management and Administration

ICE's Management and Administration include professional managers and mission support staff who make the ICE mission possible.

Since March of 2013, the Immigration and Customs Enforcement Deportation (ICE_D) program has undergone a complete curriculum redesign conducted jointly by the ICE Office of Training and Development and FLETC development staff. The ICE D program name was officially changed to ICE Basic Immigration Enforcement Training Program (ICE BIETP). To further delineate the duties of ERO, the program was officially changed again in June of 2018 to ICE Enforcement Removal Operations Basic Immigration Enforcement Training Program (ICE_ERO_BIETP).

ICE_ERO_BIETP is categorized as a Center Integrated Basic (CIB) training program for basic investigators primarily charged with enforcing laws and regulations with nexus to immigration and enforcement efforts. The ICE_ERO_BIETP is 42 days in length.

Qualification for Attendance

The primary purpose of the FLETC is to provide basic training to Federal law enforcement officers employed by agencies that authorize their officers to enforce Federal laws, make arrests and carry firearms.

Within these guidelines, each organization applies its own standards in hiring and selecting officers to attend the ICE ERO BIETP.

Prerequisites for Attendance

Each Partner Organization sets its standards in recruiting employees. In addition:

- Participants in the ICE ERO BIETP must have successfully passed the Agency Pre-Employment Fitness Test (PFT) PRIOR to being enrolled at the FLETC. The PFT is a three-part practical exercise designed to assess a trainee's overall physical condition. Failure of any part of the PFT is a failure of the entire test.
- Attendees must meet their agency's recruitment standards and the FLETC Practical Performance Requirements (PPRs) for the ICE ERO BIETP PRIOR TO ARRIVING FOR THE TRAINING PROGRAM.

Length of Program

42 training days.

Daily Schedules

Morning Sessions: 7:30 a.m. to 4:30 p.m.

Afternoon Sessions: 12:30 p.m. to 9:30 p.m.

Classes are typically 50 minutes in length with breaks scheduled according to subject matter being presented and the status of practical exercise activity. Also, beginning and ending times may vary.

Student Evaluation

To receive a certificate of graduation from the ICE ERO BIETP, a student must successfully complete each graded segment of the program. This includes written examinations and all graded practical exercises.

Written Examinations

Each student is required to score 70 percent or higher on each written examination. A review is conducted immediately following the FLETC written examination. The review allows students to immediately assess their performance and discuss exam questions. Official examination scores are posted as soon as possible after the examination. Each student's score is maintained in confidentiality. Examination scores are available to the student's agency through official channels.

If a student fails to score 70 percent or higher on any written examination, he/she is placed on academic probation. During this period, additional assistance such as counseling, personal instruction, and additional practice is provided to the student upon request.

FLETC Remedial Exams: Within three working days of the failure date, the student must take a remedial examination.

ICE Remedial Exams: students will be provided with up to 6 hours for remedial training and retested no sooner than 3 training days after the failed test. The student must pass the remedial examination to remain eligible for graduation. Students may waive any portion or all of the remedial training.

In all cases, the remedial exam will evaluate the same enabling performance objectives as the original examination and students may request in writing to be retested sooner.

A student will be placed on academic probation after failure of a regularly scheduled examination. Only one remedial examination per agency (FLETC/ICE) is permitted during the training program. If a student fails a second regularly scheduled examination or any remedial written examination, he/she will be dismissed from training and will not receive a certificate of graduation.

Practical Exercises

The second component of the ICE ERO BIETP evaluation system is the measurement of performance skills acquired during training. A student must satisfactorily complete all practical exercises (PEs) in order to receive a certificate of graduation. Any student not achieving a passing score on any PE will be placed on academic probation, provided additional training in the skills needed to pass the PE and be required to pass a remedial PE.

Any student, who does not receive at least a "satisfactory" score or evaluation on: FLETC PEs, students will be given one opportunity to remediate the exercise (maximum remediations: 3)

- Exception: Practical Pistol Course (PPC) qualification administered by FLETC/FAD; students may receive two remedial attempts per ICE Firearms Policy (DROPPM Chapter 46.4)

ICE/OPS PEs, students will be given one opportunity to remediate the exercise (maximum remediations: 1)

ICE/PT PEs, students will be given one opportunity to remediate the exercise (maximum remediations: 1)

If a student subsequently fails the number of allowed remedial attempts for a specific PE or fails any PE in excess to the maximums allowed per section (FLETC, ICE/OTP, ICE/PT), the student will be dismissed from training and will not receive a certificate of graduation.

Dismissal and Reinstatement

Any student dismissed from training for failing either written examinations or practical exercises may be admitted to a subsequent class of the same program, provided the employing agency (or sponsoring organization) receives advance approval from the Training Management Division (TMD), Division Chief (DC). The student must begin the program on the first training day and successfully complete all written examinations and practical exercises with that class. The student will not be granted credit for previous written examinations or practical exercises. The employing agency must submit such requests in writing, explaining why the student should be admitted and what the student has done to address previous academic and/or practical exercise deficiencies.

Any student dismissed from training for disciplinary reasons will not be admitted to any basic training program without advance approval from the TMD/DC. Such requests will be submitted in writing by the employing agency (or sponsoring organization); explaining why the student should be admitted and what the student and employing agency have done to correct the conduct that previously resulted in dismissal. If the request is approved, the student must begin the program on the first training day and successfully complete all written examinations and practical exercises with that class. The student will not be granted credit for previous written examinations or practical exercises. Students dismissed for cheating will not be reinstated under any circumstances and will not be allowed to attend any other training.

Any student dismissed from training due to his/her medical history or medical condition may be readmitted in a subsequent class of the same program, but only after the employing agency (or sponsoring organization) provides the FLETC with all requested documentation and the FLETC's Medical Review Board concurs that the student can meet the program's PPRs. The request to allow such student to resume training from the point where he/she departed should be addressed to the TMD/DC or delegated authority, which has the sole discretion to approve or deny the request. The TMD/DC may also grant such student credit for previous written examinations and practical exercises, provided the student is admitted to the same program and the program has not changed curriculum content since he/she departed. The specific point in training the student is placed at the discretion of the TMD/DC.
