IN THE SENATE OF THE UNITED STATES

Mr. Peters (for himself, Mr. Paul, and Mr. Lankford) introduced the following bill; which was read twice and referred to the Committee on

A BILL

To streamline the sharing of information among Federal disaster assistance agencies, to expedite the delivery of life-saving assistance to disaster survivors, to speed the recovery of communities from disasters, to protect the security and privacy of information provided by disaster survivors, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Disaster Assistance
- 5 Simplification Act".

1 SEC. 2. FINDINGS AND PURPOSE.

26

-	
2	(a) FINDINGS.—Congress finds the following:
3	(1) The disaster response and recovery frame-
4	work of the United States relies on a unified, inte-
5	grated, agile, and adaptable whole-of-community ef-
6	fort by Federal, State, and local disaster assistance
7	agencies, and by voluntary organizations, to respond
8	to any natural and man-made disasters that may
9	strike communities.
10	(2) Federal disaster assistance agencies must
11	be ready to support States, Indian Tribes, commu-
12	nities, and volunteer agencies immediately after un-
13	predictable catastrophic disasters that occur without
14	notice.
15	(3) The immediate sharing of information is es-
16	sential to an efficient and effective delivery of dis-
17	aster assistance—
18	(A) when lives and property are at risk;
19	and
20	(B) as communities seek to recover from
21	disasters as quickly as possible.
22	(4) Section 552a of title 5, United States Code
23	(commonly known as the "Privacy Act of 1974"),
24	and subchapter I of chapter 35 of title 44, United
25	States Code (commonly known as the "Paperwork

Reduction Act"), require multiple layers of review,

notice, and publication in the Federal Register before Federal disaster assistance agencies can amend or adapt their information sharing practices.

- (5) Such extended review processes can have the effect of inhibiting efficiency, innovation, and interoperability among Federal, State, Tribal, territorial, local, private, and volunteer partners in delivering disaster assistance within a whole-of-community disaster assistance effort.
- (6) Legal, regulatory, and policy limitations on the interagency sharing of information submitted by applicants for disaster assistance may require those applicants to submit separate applications to multiple Federal, State, Tribal, territorial, and local disaster assistance agencies, which increases the burden on those applicants, reduces the efficiency of disaster assistance programs, and places additional costs on taxpayers.
- (b) Purpose.—The purposes of this Act are to—
- (1) streamline the sharing of information among Federal, State, Tribal, territorial, and local disaster assistance agencies;
- (2) modernize the legal safeguards against the unauthorized disclosure or misuse of information about applicants for disaster assistance; and

1	(3) modernize, streamline, and consolidate the
2	overlapping requirements of section 552a of title 5,
3	United States Code, subchapter I of chapter 35 of
4	title 44, United States Code, and the agency policies
5	that implement those authorities to improve the
6	speed, convenience, efficiency, and effectiveness of
7	disaster relief programs.
8	SEC. 3. ESTABLISHMENT OF A UNIFIED DISASTER ASSIST-
