The Honorable Eric Holder
Attorney General
U.S. Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530-0001

Dear Mr. Attorney General:

I am writing to request information concerning sexual assault on college campuses and the protections your office enforces for students across the country.

As you are aware, Title IX prohibits colleges and universities which receive federal funds from discrimination on the basis of sex. This discrimination includes sexual harassment or sexual violence, including rape and sexual assault. Under Title IX, schools are required to respond promptly and effectively to reports of sexual violence and to have procedures to report and resolve complaints of sexual assault. Schools which do not comply with these requirements may lose their access to federal funds.¹

According to the available statistics, approximately 19% of undergraduate women have been the victims of sexual assault.² Because many crimes are not reported, however, it is likely, that this number is substantially higher.³ Disturbingly, it appears that the students responsible for these assaults frequently face few or no consequences for their actions.⁴

The Department of Justice's Civil Rights Division is in a unique position to protect students by ensuring adequate steps are taken by universities and colleges to prevent sexual assault and, if needed, ensure accountability for misconduct. Therefore, I request a briefing from you or your designee regarding the Department of Justice's efforts to ensure accurate reporting of sexual assault incidents and to ensure accountability both for perpetrators of sexual assault and for institutions which fail to comply with federal law.

At the briefing, I request that you or your designee be prepared to provide the following information regarding campus sexual assault:

- (1) Processes for conducting oversight of data reporting by colleges and universities;
- (2) Copies of written materials or guidance provided to colleges and universities, local law enforcement, and other relevant agencies regarding legal issues, policies, and procedures;
- (3) Information regarding training (if any) provided to colleges and universities, local law enforcement, and other relevant agencies;
- (4) Information regarding all enforcement actions entered into since 1991, including the name of the school, a brief description, the resolution of the action (including penalties, if any) and any subsequent oversight;
- (5) Data related to how many sexual assault cases are adjudicated administratively by universities vs how many are dealt with in the local criminal system;
- (6) The number and pay grade of full-time federal employees responsible for these issues at the Department of Justice;
- (7) If contractors provide support services related to these issues, the number of full-time or equivalent contractors, their responsibilities, and the contract number of the contract under which they are employed;
- (8) Any audits, investigations, or other reports related to the Department of Justice's work on campus sexual assault dated from 1991 to the present, including any analyses prepared by private contractors.

I request that you provide the information and briefing as soon as possible, but by **no later than April 11, 2014**.

The jurisdiction of the Subcommittee on Contracting Oversight is set forth in Senate Rule XXV clause 1(k); Senate Resolution 445 section 101 (108th Congress); and Senate Resolution 64 (113th Congress).
